QUALITY

Overview

A TEMPUS project which aims to enhance the capacity of universities to internationalize by installing a professionalized and institutionalized process of internationalization amongst universities.

QATMI brings together 12 universities in the European Union and TEMPUS IV Partner Countries, reaching out to over 40 university staff members.

QATMI provides opportunities for partner universities to

- provide information and training on different types of internationalization and its demands taking into consideration the needs of the global post-Soviet changed market necessities

MANAGEMENT

- provide comparative analysis of international processes in the different participating universities
- provide guidelines and staff training on establishing the appropriate legal background for internationalization
- establish the necessary infrastructure for effective internationalization, leading to Transnational Network Establishment
- promote university capacity building in internationalization
